

NAIL
 CREATION

Art no.:
 G185X + G186X
 + G187X

TECHNICAL SHEET

EXCEL GEL 2.0

CHARACTERISTICS

- Innovative all-in-one system
- Stronger than gel
- More flexible than acrylic
- Superior adhesion
- Premixed
- No processing time
- Easy to use
- Does not run
- No heat formation
- 6 colors, 30ml & 60ml

STEP BY STEP

1. Prep the nail and apply a tip if desired. After filing cleanse the nail with Nail Scrub D3000 and apply a layer of All System Bonding D4005, let dry for 20sec.
2. Squeeze the tube and use the flat edge of the tool to slice of the desired amount.
3. Use the cutting tool to "roll" the product onto the nail.
4. Dip the gel brush into the Excel Solution G189X, shape the nail as an acrylic nail is created. Don't stop until the nail (and tip) are covered and completely smooth. Cure for 30 seconds and remove sticky residue if desired.
5. Finish the nails as desired: buff for a smooth polished finish, apply a top gel for high shine finish or apply gel polish to create a colourful look.

CURING TIME

120 SECONDS
 24-48 W UV LAMP

30 SECONDS
 24-48 W LED LAMP

INGREDIENT LISTING

Excel Gel 2.0 Clear: Acrylates Copolymer, Polymethyl methacrylate, Polyethylene terephthalate, Trimethylolpropane Triacrylate, Dimethicone, Microcrystalline Wax

Excel Gel 2.0 Babyboomer Pink: Acrylates Copolymer, Trimethylolpropane Triacrylate, Polymethyl methacrylate, Polyethylene terephthalate, Dimethicone, Microcrystalline Wax, CI 77891, CI 73360

Excel Gel 2.0 Pink Extension: Acrylates Copolymer, Trimethylolpropane Triacrylate, Polymethyl

methacrylate, Polyethylene terephthalate, Dimethicone, Microcrystalline Wax, CI 77891, CI 77491, CI 77492

Excel Gel 2.0 Nude Extension: Acrylates Copolymer, Trimethylolpropane Triacrylate, Polymethyl methacrylate, Polyethylene terephthalate, Dimethicone, Microcrystalline Wax, CI 77891, CI 77491, CI 77492

Excel Gel 2.0 White: Acrylates Copolymer, Trimethylolpropane Triacrylate, Polymethyl methacrylate, Polyethylene terephthalate, Dimethicone, Microcrystalline Wax, CI 77891, CI 77492

Excel Gel 2.0 Extra White: Acrylates Copolymer, Trimethylolpropane Triacrylate, Polymethyl methacrylate, Polyethylene terephthalate, Dimethicone, Microcrystalline Wax, CI 77891

Nail Creation Headquarters

NAIL CREATION.

BEST ESSENTIALS,
GREAT VALUE!

Nail Creation, since 1993

Nail Creation is an international brand for professional nail styling products that was established in 1993. Dedicated to supplying nail technicians with the best nail products available, Nail Creation has been advancing the technology of nail products in order to achieve maximum performance and perfect results. Nail Creation is among the leading brands in nail design worldwide and currently available in over 30 countries. Our largest market is Europe, where we are the market leader in several countries. Nail Creation specializes in both gel and acrylic for nail design and sculpturing.

Nail Creation is a strong brand, has a uniform international image, high-class presentation, and great profit margins. The nail industry is exceptionally dynamic and has its own unique developments and styling trends. With our own R&D department and production facilities, we have all products, know-how and training facilities in-house, which makes it possible to offer all new creative developments to the nail industry. We are committed to creating time-saving, effective products to enable technicians to work more efficiently, profitably and perfectly, nail after nail.
